- Quite safe and Easy to install.
- Environment friendly.
- Proven technology.
- Extend engine life in Gas vehicles.
- Save money.
- No cutting on Gas line.
- Increase average in LPG/CNG vehicles.
- Two years Guarantee.

Do's and Don't :

- Keep adequate space from wall.
- Do not overload the refrigerator.
- Make sure your refrigerator door seals are airtight.
- Cover liquids and wrap foods stored in the refrigerator. Uncovered foods release moisture and make the compressor work harder.
- Do not open the doors of the refrigerators frequently.
- Don't leave the fridge door open for longer than necessary, as cold air will escape.
- Avoid putting hot or warm food straight into the fridge
