

## AC INDUCTION MOTOR SAVER

### Features:

- Saves Power upto 40%
- Optimiser & Soft Starter.
- High / Low voltage protection.
- Single Phase Protection.
- Improved efficiency of Induction Motors.
- Less Mechanical wear & down time.
- Improved Power Factor.
- Reduced KVA during start-ups.
- Two years Guarantee.

### Do's and Don't :

- Conveyors
- Granulators
- Mixers
- Crushers
- Centrifuges
- Compressors
- Hydraulic Press
- Saws
- Drill Presses
- Injection Moulding
- Slice
- Escalators
- Machine Tools
- Polishers
- Stamping Presses
